COMMITTEES

Any number of member employees may join and participate in BioFlorida committees. Committee chairs may set participation limits and qualifications.

- Annual Conference Standing Committee**
Purpose: To identify long-range conference goals, potential conference locations and programs. Committee members will assist the Steering Committee with historical information as needed.
- 2009 Annual Conference Steering Committee**
Purpose: To establish, recommend and help with sponsorship recruitment, marketing and PR, programming and speakers for the 2009 Annual Conference.
- BIO Annual Convention Bid Committee**
Purpose: To explore the requirements and expectations for Florida to host a future BIO Annual Convention, and to prepare and submit the bid for hosting.
- Education & Workforce Committee**
Purpose: To recommend and initiate programs for members and the community, and to support academic institute bioscience education.
- Legislative Committee**
Purpose: To identify and recommend legislative and economic development priorities on a state and national level.
- Membership Committee**
Purpose: To recommend and help implement new membership programs and enhanced benefits that support BioFlorida members, and to identify and recruit new members.

NETWORKS

Any number of member representatives may join and participate in BioFlorida networks. Network chairs may set participation limits and qualifications.

- Bio/Pharma Executives Network**
Purpose: To provide a voice for the needs of the biotech and pharmaceutical communities. Network is restricted to senior bio/pharma R&D executives and/or manufacturing.
- Business Development Network**
Purpose: To share the most current techniques designed to grow a business such as marketing opportunities and intelligence gathering on customers and competitors.
- CEO Network**
Purpose: To share best practices, seek advice and set priorities for the needs of senior executives within Florida's bioscience industry.
- Corporate Finance Network**
Purpose: To discuss issues specific to the financial operation of bioscience companies. Network is limited to senior corporate finance professionals.
- Emerging Leaders Network**
Purpose: To identify and cultivate the next generation of emerging leaders in the industry.
- Licensing Issues Network**
Purpose: To learn how to identify, develop and close successful partnership agreements.
- Medical Device Executives Network**
Purpose: To identify issues specific to the medical device and technology and diagnostic markets. Network is limited to senior medical device executives only.
- Real Estate Network**
Purpose: To understand and recognize issues specific to the design and development of bioscience facilities. Network is limited to developers, architects, builders and other real estate professionals. Companies who need space, want to build and/or move are encouraged to participate.
- Research Leaders Network**
Purpose: To develop leadership skills for principal investigations.
- Women in Biosciences Network**
Purpose: To talk about issues pertinent to women in biosciences.
